

CHC43415

Certificate IV in Leisure & Health

Go to work knowing you're making real difference to someone's mental wellbeing.

If you enjoy working with those more vulnerable members of the community and have an interest in leisure activities, this is for you. This qualification reflects the role of workers participating in the design, implementation and evaluation of leisure, health activities and programs for clients in one or more sector areas. Workers may be in residential facilities and/or in community agencies and day centres, completing specialised tasks and functions in relation to leisure and health. While workers are responsible for their own outputs, work is carried out under direct or indirect supervision within defined organisation guidelines.
